

# Logistics Financial Audit

**Subject: 6500L Diesel Purchase**

**SYSTEM VERIFIED TOTAL: PKR 1,774,305.00**

Professional Analysis:

Here is a 3-sentence professional audit summary:

Our review of the logistics company's purchase records indicates that a total of 6500 liters of diesel were acquired at an average price of PKR 272.97 per liter, resulting in a verified total value of PKR 1,774,305.00. The financial records appear to be accurate and support the verified total, but further verification may be necessary to confirm the authenticity of certain transactions. Overall, our audit suggests that the company's purchase records are reliable, but additional scrutiny is recommended to ensure compliance with relevant accounting standards and internal controls.
